

Michigan Promise Scholarship Fact Sheet Class of 2008

Description

The Michigan Promise scholarship provides up to \$4,000 to high school graduates for successfully completing two years of postsecondary education beginning with the high school graduating class of 2007. All students who took the state assessment test (MEAP for class of 2007 and Michigan Merit Exam [MME] for class of 2008 and beyond) have the opportunity to receive up to \$4,000 if they meet all eligibility requirements. Students who receive qualifying scores (Level II or above) in each of the required components on the test are eligible to receive up to half of their scholarship in the first two years (in installments of \$1,000 in the first year and \$1,000 in the second year of enrollment).

Application

To claim the Michigan Promise scholarship installment payment for use in the 2008-09 academic year, an eligible student must certify his/her scholarship by November 15, 2008. To claim up to a \$2,000 final payment (for those who received installment payments), or to claim the full \$4,000 for those who did not qualify for the installment payments, students should visit the Web site at www.Michigan.gov/promise for an application form.

Program Limits

Students must initiate the use of their scholarship within two years of high school graduation and all installment funds must be fully utilized within four years of initiation. Students in the class of 2008, who initiate their scholarship in the 2008-09 academic year, must utilize all installment funds by the end of the 2011-12 academic year. Students, who initiate their scholarship in the 2009-10 academic year, must utilize all installment funds by the end of the 2012-13 academic year. Students must submit their application for final payment no later than November 15 of the academic year following their last year of eligibility.

¹ The primary criterion for award consideration is confirmation that the student took the Michigan Merit Examination (MME) while in high school. Students who did not take the minimum portion required and/or whose scores are invalidated or cancelled, as reported by the Office of Education Assessment and Accountability (OEAA), are treated as students NOT TESTED.

² Students completing a vocational training program requiring less than two years to complete may be eligible for a prorated scholarship.
